# PRODUCT LIST

## On-Load

- On Load Tap Changer (OLTC)
- Off-Circuit Tap Changer
- Automatic Voltage Regulator

- De-energized Tap Changers for Transformer

## Bushing insulators and Transformer accessories

- Porcelain Bushings Insulator
- Silicone Bushings Insulator
- Buchholz Relay
- Butterfly valves
- Small Thermometer Ø 100 mm.

## Instruments for Transformer

- Oil/Winding Temperature Indicator
- Oil Level Indicator
- Pressure Relief Device
- Maintenance Free Breather

## Electrical insulation materials

- Pressboard
- Diamond Pattern Epoxy coated Paper (DPP)
- Multi-layer materials
- Prepregs

## System tool for cable and switchgear construction

- Crimping tool (Dieless)
- Cutting, bending and punching tool for busbars upto 160 x 13 mm.
- Cable cutter
- Cutting and punching tool for support rails

- Vacuum drying and degassing plant
- Hot air/Nitrogen drying system
- Low frequency drying system
- Vapor phase drying system
- Resin castings plants
- Isostatic pressing device

- Cut-to-length and stacking line for transformer core
- Slitting line for silicon steel
- Punching/Perforating/Embossing /Expanding line

## HAMMEL / UNTHA

- Primary Shredder, Secondary Shredder for shredding Wood, Waste, Metal, C&I, MSW
- Screener trommel/disc type
- Metal processing plant

## Winding machines for transformer coil

- Horizontal coil/foil winding machine
- Vertical winding machine
- Taping machine
- Expandable mandrel
